Dear Miss Gilpin:

I am eager to secure some photographs of an unusual pictorial nature to use in the House Beautiful. These photographs will be used as illustrations in the department called Editor's Variorum. They will necessarily be considerably reduced so that it is essential that they be of objects which are simple in mass and effective in lighting. The subjects may be any which are allied with those which we publish in the magazine.

I recently saw your photograph "Narcissus" exhibited at the Art Center in New York. As this is the type of photograph that I have in mind for my purpose, I am writing to ask if you would be willing to have it reproduced in the House Beautiful, or, if not, whether you have other photographs of appropriate subjects which might be so used.

In writing please let me know the cost of such a print.

Very truly yours,
