Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

Dear Miss Gilpin:

We have received the pictures of the branches, and I am very much pleased with them. I am glad to have such attractive photographs, and probably will wish to order more proofs later. If I decide to have other branches photographed, I will give you instructions as I think there are two or three which I will have done sometime. I am inclosing your bill, and would like to have it made out in triplicate on the attached vouchers, have you sign the yellow one on the back where the line is checked, and return all three vouchers to the library.

Very truly yours,

Malcolm Glenn Wyer
Librarian.
