My dear Mrs. White:

I have been asked to give a talk to the University women of this city on the "Art and Development of Photography". I am very anxious to secure a good set of lantern slides for this, and I am wondering what you have in the school that you would be willing to send out to me for this occasion. I should like earlier work of Mr. White, Stieglitz, Steichen, Coburn, Kasebier, and any others that you may have. Could you send me a list with the titles so that I may be preparing for it. This affair takes place the first week in April. I should be very grateful for any help that you can give me.

I hope that you are all well and have had a good winter. With best wishes,

LG-B

Sincerely yours,
