Washington
Sept. 19.

Dear Laura.

We have received from Benda
the 10 prints desired by her and Mr. Käsche
from the 15th year section. We are delighted
to have them.

I am directing that "Benda"
shall be sent you listing them &
requiring your signature; also the
insertion of this piece in the collection
(as there seem not to be notes on
the prints themselves).

It would add to the interest
if against each title you would note
the process (if that be significant).

We shall add the group
immediately to the exhibit which now

includes examples of the work of Mr. White
& of Mrs. Kasebier.

We regard this as a beginning, &
count on your submitting "on appo-
-val" others as you produce them
which you think especially noti-
-worthy.

Cordially yours
Laura Lavinia
