January 15th, 1932.

Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colo.

Dear Madam:

The Print Committee of the Camera Club would like very much to display at the galleries of the Club, during the month of July, 1932, an exhibition by lady photographers.

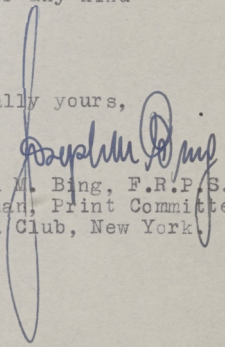

Under the circumstances, I would appreciate your advice whether we could count upon 15 to 20 of your prints to be available at the Camera Club about June 20th.

As you know, the prints are displayed under glass, good care is taken even if the Camera Club cannot take any further responsibility, and the prints are returned to you after completion of the exhibition by the end of July.

We will all be very glad if you will participate in this Show. There is no restriction of any kind upon the size and process.

With very best regards,

Cordially yours,

Joseph M. Bing, F.R.P.S.
Chairman, Print Committee
Camera Club, New York.
