My dear Miss Gilpin

Mr. Johnson has kindly forwarded to us your letter of December 19th, and I wish to express our appreciation of your courtesy in permitting your interesting Chichen photographs to remain on exhibition in our Administration Building a little longer.

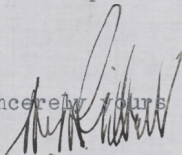

These photographs were the occasion of much favorable comment during our private and public exhibitions early in December, and they are still of interest to occasional visitors who happen into our building.

Please be assured, however, that we shall be glad to return the prints to you whenever you have need for them or desire to receive them.

Your interest and cooperation in aiding the effectiveness of our exhibit plans have been greatly appreciated.

With best wishes,

Very sincerely yours

W. M. Gilbert
Administrative Secretary
