

1428 WOOD AVENUE
COLORADO SPRINGS, COLORADO

April 30, 1932.

Mr. R.A.Devlin,
Mesa Verde National Park,
Colorado.

Dear Mr. Devlin:-

Your letter has been held here awaiting my return from a trip to Yucatan. I just got home this morning and have found your letter of April 11th.

Mr. Mackey of the National Pictures Service of Cincinnati, requested pictures to use for the purpose of making lantern slides. As I am at this time working on a series of slides which include my Mesa Verde Series, and which will go on the market shortly, I could not sell them to some one else for the same purpose. Mr. Mackey did not mention using them for illustrating magazine articles and special articles for which purpose I am quite willing to release them.

I will be very glad to write to the Director of the Park Service if you will kindly send me his address, as I see from your letter that he has been quite mis-informed.

Trusting that this explains the matter to

you and that I am also do so to the Director,
I am

Very truly yours,
