Dear Miss Leighton:-

I have just returned from a trip to the Navajo country where I have been quite out of touch with the mail. I have found my prints and the Lantern slides returned during my absence and have sent you the receipt. I have not received, however, the typewritten lecture which was sent to you by air mail on Jan 22nd. I trust that you received it. If you did may I request that you return it to me? My only other copy is in the hands of Mr. Nusbaum for final revision and I will need the copy you have shortly for the printer.

Sincerely yours,
