

May 11, 1932.

Mr. Edgar C. McMechen,
Colorado Association,
Denver, Colorado.

Dear Mr. McMechen:-

In the mail following the one which took the letter I wrote to you, came one from Mr. Kerbey, also one from the illustration division, Mr. Fisher, saying that they were reproducing one of my prints with check for five dollars enclosed. The remaining prints are being returned to you, I believe. So that's that. The Geographic never has been interested in pictorial photography, a number of my colleagues have had the same experience. I had hoped that the special Colorado number might use five at least, and I am curious now to see what has been selected.

When you come down will you bring my prints if they have been returned to you by that time? And I will have a group of prints of Chichen to show you.

sincerely yours,
