Dr. Sylvanus G. Morley,
Laboratory of Anthropology,
Santa Fe, N.M.

Dear Dr. Morley:-

Will you be in Santa Fe about the 21st of this month? I am expecting to come down and then go on the Gallup Fiesta, and I want to come to Santa Fe to show you my prints of Chichen. They should have been ready some time ago, but the Central City Festival put all other work on the shelf for me for over a month. I had a marvelously interesting time photographing the play from beginning to end. Now I return to Chichen and will have them ready to be shown in about ten days.

I shall plan to reach Santa Fe the 21st and be there over the 22nd provided that you will be there and have a little free time, and this includes Jess Nusbaum too, unless he is off on a trip somewhere. I am anxious to hear all about your Campeche trip and what you found there, and I await your verdict on my efforts of Chichen.

With regards to Mrs. Morley and everyone at the Lab. I am

Sincerely yours,
