My dear Mrs. Reed:-

Ten days ago I returned from a somewhat extended trip into the Southwest. While in Santa Fe visiting Mr. & Mrs. Nusbaum I saw the program for the dedication of the Library. The meetings and the formal dedication must have been very impressive and stimulating and it is indeed a great monument that you have erected.

On returning home I found a copy of the program waiting for me and I am very happy to have it. I do hope that the portrait of you has proved satisfactory. When you see some platinum prints you will like them better than the proofs or the glossy prints I am sure.

Have you yet decided which ones you wish to have finished? I am expecting a fresh shipment of paper from England in a week and I will have them ready for you very shortly thereafter, if you will let me know what your decision is.

Hoping that you are feeling better than when I saw you last, I am  
Sincerely yours
