

Feb. 29, 1932

Mr. A.B. Russell, President,
Illion,
New York.

Dear Mr. Russell:-

Under separate cover I am sending you one glossy print of the photograph of your cases through the door way at the Laboratory of Anthropology in Santa Fe.

The two matt prints will be sent to you on Wednesday. These I had expected to ship to you last week, and at the last moment discovered a stain on one print which has necessitated re-making it.

I am sorry if the delay has inconvenienced you. In your letter to Mr. Nusbaum, you did not specify a glossy print and did not think the picture just what you wanted for your catalogue. However, I trust that when you receive the finished print you will find it to your liking.

If you wish me to send you other prints proofs of the negatives I made, showing your cases I will be very glad to do so.

Very truly yours,
