Dear Mrs. Sinsheimer:-

I owe you many apologies for being so long with your photographs. The last of October I had to go to New Mexico for some work expecting to be gone two weeks. Your prints were ready before I left but were not mounted as I had run out of mounts and the new order did not come before I left. Then while down in the Southwest I got the flu and was held there nearly three weeks before I was able to drive home. The prints were sent to you yesterday in the mail before your letter arrived, and I trust that they have reached you safely and are to your liking.

With best wishes for the Christmas season,
I am

Sincerely yours,
