Minneapolis, Minn.

Dear Miss Tainter:-

Under separate cover I am mailing you fourteen proofs of Mrs. Chapman's house for your selection. I have made some comments on the backs of the proofs regarding the printing of certain values which are not quite right in the proof. I hope that you will find what you wish among these.

I regret that there was another delay owing to the illness of the boy and also the fact that the furniture in the living room had been changed around for the winter and Mrs. Chapman wished to re-arrange it before I made the photographs?

Will you please mark on the back the selection you make and return them all. I will finish them just as soon as possible.

Very truly yours,
