Dear Miss Tainter:-

I have been long indeed in getting the prints of Mrs. Chapman's house off to you, but when I received your last letter I found that Mrs. Chapman was out of town for ten days and the house was shut, so that I had to await her return. I have re-taken the photographs of the bed room and the morning room and all the prints were shipped to you yesterday.

You did not state in your letter which kind of prints you wanted. One letter requested just glossy prints, and then I asked you if you did not want the better quality prints with the initial price of \$5.00 with the glassies as duplicates. I have sent you as set of each, as Mrs. Chapman is wanting some as well. She requested me to make some exteriors which I have enclosed also.

The enclosed statement covers everything I sent you, and I trust that you will find them all to your liking.

Very truly yours,
