Dear Miss Treacy:-

Your letter was waiting for when I returned from three days work in Denver. I will be very happy to send you my Sisal Hemp set of photographs and will ship them to you the first of next week. I have two or three more prints to add to the series and I want it complete when you receive it.

I hope that you will find the set of interest and that there will be some of them that you could use. The information in the accompanying article I obtained from a plantation manager in Yucatan.

Very truly yours,
