Dear Miss Treacy:-

In to-day's mail I am sending you a group of fourteen prints of a Sisal Hemp Plantation in Yucatan, for your consideration. The enclosed article has been written to accompany the photographs. I hope that you will find them of interest and that you may consider them for your magazine, and I shall await your decision with eagerness. If I have not covered everything that you think necessary, it can be added.

Thanking you for your interest, I am

Very truly yours,
