Dear Mr. Wilson:-

A shipment of photographic platinum paper from London, England is due to arrive for me at the present time. This is the same commodity that I receive from The Platinotype Co. of London at frequent intervals. As my Christmas work is now being held up awaiting the arrival of this shipment, anything that can be done to expedite its quick release would be very greatly appreciated.

Last year at about this same time I telephoned you regarding another shipment which you kindly dispatched at once, making it possible for me to complete a large order on time.

I enclose a Special Delivery stamp to hurry the delivery of this roll of paper, and I trust that you can again do me the favor of hurrying it through.

Very truly yours,
