Colorado Springs, Colo.

Dear Miss Lillpin:-

In our programs for this year in our P. E. O. Chapter we have taken noted women of Colorado in the different professions; my program ~~was~~ "In Photography".

I am taking the liberty of asking you if you could give me anything about your photography and life centering around your art.

We have seen some of the very fine photographs of the American Indian you have made; and am wondering if you have a few prints you would care to exhibit at our meeting.

I should be very glad to pay the charges if you will but let me know and shall appreciate any information you should care to give, more than I can express.

My program is the evening of Nov. 28th.

Hoping I have not asked too much of you and assuring you I will take the best of care of any prints you should care to send, I am

Very sincerely

Helen Hankas,

P.S. Am enclosing self-addressed envelope and would send money but do not know what it would be.
Sincerely,
Helen Hankas
