

To
Miss Laura Gilpin.
Colorado Springs.

Sunday evening.
April 17th.

Dear Miss Gilpin,

Your father has just given us a delicious supper. & we have had a charming time.

This is my first visit and I am overwhelmed by this place, the vastness & beauty. I want to take home these three photographs of yours to remind me of the sensation. The one of the plains. & of Glen. canyon. & of the city with Pike's Peak behind it. Tim McLane says there is another ^{of the Peak} he likes better (looking down Platte St.) — but I think this one may give a better idea of the whole situation.

I have sent your polo picture (framed, from the book. shop) to my great friend

in Salisbury, Conn. Ray Emmet Rand.
Her boys are very good polo players -
she will be delighted with it.

Can you send me these three
pictures, I've picked out this evening?
Times are so bad, & finances so
awful, it scares me to order anything
without asking the price. but these
amazing pictures tempt me so. They are
certainly something to treasure always.

Your father & Tim suggest to leave
it to you, to substitute, if you think
another picture of Pike's Peak would be
even better.

This has been a wonderful visit with
Mary & Tim. I am sorry to have
missed meeting you.

Sincerely yours.

Dorothy Haven.
