Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

Dear Miss Gilpin:

Enclosed are:

Corrected proof
Copy of old folder
Sheet with new faculty list nad new copy
for one paragraph.

It seemed wise to hold up a few days, that we might have our new faculty list complete, and make this a regular 1932-33 folder. You will note on proof changes as to date on cover, and omission of 1931-32 calendar.

I belive that this copy will make an eight page booklet, exlcusive of covers; I have noted that entrance requirements should begin page three; otherwise am leaving the pagination to you. The proof seemed so free from errors that we have decided not to ask for page proof showing changes; please finish the setting up, run twenty copies and send same to us by first class mail as soon as possible; we will then scrutinize carefully for any small error that may have slipped by, and send you word for the balance of the order; we shall want five hundred.

Very sincerely yours,

L. S. Hitchcock
