

MOTOR ROUTE THREE-BOX ONE FORTY
COLORADO SPRINGS
COLORADO

Dear Miss Gilpin -

Harry & I had such
a happy time at your home
on Saturday but felt very guilty
when we realized how very late
we had staid - please forgive us -
Harry was so delighted with
your photographs - I hope you are
going to be able to show some at
Chamber's, where he is so interested -
Should you be ^{un}able to come out
& bring the lettering will you leave
it at your father's shop & the
dummy with it? as that is the
record of the time I spent on it
before going home - two years ago -
Had we had a little time to talk

It was I would have suggested that
I finish a couple of initials - which
are filed but not decorated - in
your book - & if you like - the page
I have left blank for the paragraph
comparing the likeness of the two
grandfathers - & also the arms
in Mr. Donald Gilpin's book & the
Capitals - & then let the balance go
till each a time as you & I are
free to go on with it - This will
complete the first part - & the arms
will be of some value should you
not go further - & the text - & I
can estimate the cost as far as we
have gone - You have already paid
me you will remember twenty five
dollars - three & a half of which was
for the title page which I did at
home & sent to you - so there was
twenty one fifty paid on these books -

I will stop at Mr. Gilpin on Tuesday
when we expect to be in town - in case
you cannot come out - which I hope
you may do - We should be so glad
to see you at any time.

I cannot tell you how interesting
& beautiful your recent work is to
me - & it must be very absorbing -
I ease you want me to finish the
few things I have suggested - I
must tell you I will, perhaps, be
very slow in doing it - as other
things come first with me just now -
but will try to get it ~~done~~ to a
place that is a better place to have it
it would be complete in itself - that
way - Will you drop me a line
as to what is to be done -

Very cordially

Ward E. Hunt
