

CARNEGIE INSTITUTION OF WASHINGTON
WASHINGTON, D. C.

December 9, 1932.

Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

Dear Miss Gilpin:

Your letter of November 28th to Mr. Delano has reached me through the Carnegie Institution. From Mr. Delano's covering letter it appears that he does not wish to put you to the inconvenience and expense of forwarding the balance of the photographs to Washington. The pictures which you and Dr. Morley have picked out and which you were so good as to let us have for the exhibit are attracting the most favorable comment. They add very greatly to the interest and beauty of our showing of Maya materials.

Mr. Morris, who is here with me, asks me to join to mine his very sincere regards.

Cordially,

A. V. Kidder
