My dear Miss Gilpin:

Your letter of August 8th came
this morning, and I am hastening to reply.

Mrs. Morley and I will be here
on both the 21st and 22nd, and the former
asks me to ask you if you will take dinner
with us on Monday evening, the 22nd. We
can hardly wait to see your Chichen Itza
pictures, as I have heard from several
people, who have seen them, that they are
very beautiful indeed. Who knows? Perhaps
you will convert me to a superlative black
and white slide for lantern use yet. I
feel quite certain that Jesse Nusbaum will
also be here, so you will kill all your
Santa Fe birds with one stone.

Hoping that Mrs. Morley and I
may have the pleasure of dinner with you
on the evening of the 22nd, I remain,

Very faithfully yours,

SGM:EMB
