My dear Laura:

This is just a very brief note to let you know that Dr. Merriam, accompanied by Mrs. Merriam, will reach Santa Fe, or rather Lamy at 5:45 P. M. on Monday, September 19th, and will lecture the same evening here in the Auditorium of the Laboratory of Anthropology. I plan to have your exhibition opened the same evening.

Looking forward with pleasure to seeing you at that time, I remain,

Cordially yours,

Sylvanus G. Morley
