Colorado Springs, Colorado.

My dear Miss Gilpin:

Your letter of October 8th reached me yesterday, and I am hastening to reply. Unfortunately the week of October 17th will not be alright for us, although the following week, beginning October 24th, would be excellent for the portrates. Will that be too late for you?

I am sorry that we can't make it for the week of the 17th, but trust that the week of the 24th may be equally convenient for you.

The exhibition of Chichen Itzá pictures is still up, and I will ask Jesse if it may be kept up until after you get here.

Hoping that we may have the pleasure of seeing you then, perhaps on the 24th or 25th, I remain,

Very cordially yours,

Sylvanus G. Morley
