Dear Miss Gilpin:

Shipment of your order which you left on your stop at the office here is going forward to you by today's parcel post. We trust same reaches you O.K. and in good condition.

As you will note per invoice it was necessary for us to back order the dozen 11x14 Brovira Velvet Soft. Of this we are indeed sorry but we will shortly have our new supply of 11x14 Velvet and will get your dozen to you as soon as possible.

We were glad to include without charge

1 dozen 5x7 Supersensitive Plenachrome Film.

We hope you shortly have an opportunity to try this - further we hope you find it satisfactory to the extent of wanting to use it extensively in the future. Of course we'll be glad to serve you along this line.

Thanking you for this evidence of support, as well as for past and future favors, we are with the best of wishes

Very truly yours,
AGFA-ANSKO CORPORATION

M. L. Moran
Secretary

P.S. We regret the fact Mr. Wheat was out of the city - and we are sure he too is sorry he missed you. Better luck next time.
