

CARNEGIE INSTITUTION OF WASHINGTON

DIVISION OF HISTORICAL RESEARCH

SECTION OF ABORIGINAL AMERICAN HISTORY

Box 434,
Boulder, Colorado.

August 5, 1932.

Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

My dear Miss Gilpin:

Your invitation from Red Rock came to our hands only yesterday. I have no idea how long you were to remain at Red Rock, so think best to address this to Colorado Springs. Had we been in Aztec, we would have been delighted to accept your invitation.

We are eager indeed to see your photographs of Chichen and I hope that some opportunity to this end will develop.

The report that we have a daughter since you saw us last is entirely correct. She is a thriving miss and quite the greatest treasure that we have thus far discovered.

It is inexcusable of me that I have not previously thanked you for the magnificent photograph that you sent us last winter. It came just as we were breaking up here in Boulder preparatory to my trip to Central America. I packed it away and did not come upon it again until a short time ago. It is one of the most effective photographs I have ever seen and it will rank among our most valued possessions. It was ever so good of you to favor us with it.

Miss Gilpin - #2.

In case you are still at Red Rock, remember me most kindly to Miss Foster. I enjoyed the morning's chat with her when I was enroute to Chinlee very much and was sorry not to find her on the return journey.

Hoping that we will see you somewhere this fall, I am

Sincerely yours,

Earl A. Morris
