

LABORATORY OF ANTHROPOLOGY

INCORPORATED

SANTA FE, NEW MEXICO

February 26, 1932

Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colorado.

Dear Laura:

I have just returned from a most excellent but hurried trip through southern Arizona and I find a letter from A. B. Russell, President of A. N. Russell & Sons Company of Ilion, New York, in which he refers further to the photographs which he desires for inclusion in an early catalog. I gave you his letter on your departure. Possibly the print has already gone forward to him; if not, will you please direct immediate attention to it, as he is desirous of issuing his catalogue shortly?

In response to a wire just received, I shall perhaps be leaving Sunday morning for a four- or five-day trip on the Navajo Reservation, but I am doubtful that I shall get as far north as Miss Foster is. I am trying to clean up my desk prior to this trip, so shall only drop a note at this time.

With best wishes to your father and yourself,
I am, as ever,

Sincerely yours,

Jesse L. Nusbaum,
Director.

JLN:mwh

P. S. I have not had a moment yet to look over your lecture sequence and shall not, I fear, until after my return from the projected trip to the Navajo Reservation.

J.L.N.
