

ROBERT AMBLER OFFICER

Dear Miss Lelgin:

I've intended for some time to write you about one of the pictures you took at Central City of Miss Lisl.

The one I have in mind is the full length of her, taken in front of the curtain, which includes the footlights and most of the curtain.

I think Miss Pepper who operates the Beauty parlor on 17th and Broadway had one in her window for some time. It's either that one or one very similar.

I not only like the print very much but the fact that I attended the opening performance

adds a personal interest, so I
am writing to enquire the price
of one.

If there happens to be any
print of mine that you'd care for
I'd be glad to exchange with you,
but on the other hand if there
isn't, please don't feel the least
obligation to make an exchange,
but just quote me the price
on your print - (mounted.)

I should be glad to have
you stop in any time you may
be in Denver & can spare the
time.

Cordially yours

Wm. A. Francis
