Dear Miss Gilpin:

The Christmas cards have come safely and I consider myself very fortunate to have such attractive ones fall from heaven. Will you let me know how much they are; Dr. Aberle, I believe, did tell me the amount but it has slipped my mind.

Is it possible that one package of envelopes was left out of the box? There are seventy-five cards, but only fifty envelopes. If the other envelopes are still about and could be sent to me I should be most appreciative.

Sincerely,

Elizabeth H. Pitney
