Dear Miss Gilpin:

Thank you very much for sending the additional
cards and envelopes.

I am ashamed to admit that I counted a number of
cards as envelopes and that the full complement of cards and
envelopes is here. I do indeed apologize for the stupid
mistake on my part and for the very unnecessary trouble I
have given you.

Thank you again for the opportunity of securing
such unusual Christmas cards.

With best wishes for Christmas.

Sincerely,

Elizabeth H. Pitney
