Dear Madam:-

I have received the glossy print of the photograph through the door of the Laboratory of Anthropology and I am greatly delighted with it. We are going to use this as the frontispiece in our new catalogue which will soon be out. Incidentally, I will endeavor to see that you are sent a copy of this catalogue.

I shall look forward to receiving the two mat prints with much interest. I would also be glad to have you send us proofs of the other negatives. Undoubtedly we will want quite a few of these for personal distribution.

Very truly yours,

A. N. RUSSELL & SONS CO.,

President.
