Miss Laura Gilpin
317 Cheyenne Road
Colorado Springs, Col.

Dear Miss Gilpin:

Your letter of February 29th was received during my absence in the southwest and therefore we have not replied.

While in Tulsa, I learned that Mrs. Chapman had had an operation several weeks previous to the time of my writing so I wrote her and told her not to be bothered about having the photographs taken until she felt strong and interested.

We are desirous of having a few good pictures for the coming exhibition of the American Institute of Interior Decorators and we should have them within the next month.

When in Kansas City, I had another experience of trying to photograph interiors. That particular house has a great deal too much in it and while they are interesting pictures for our client to own and for us to work from they are not what we require for this particular exhibit. By the way, it is the same house of which we sent you the sheet from the Kansas City Star although it has been remodelled considerably since those were taken. At the time of your letter, you had not received the pictures but no doubt you did later.

We will be glad to hear from you by return mail as to whether you have seen the house and what groupings you think will be best and whether or not Mrs. Chapman is willing to have this work done.

Thanking you in advance,

Yours very truly,

WM. A. FRENCH & COMPANY
