Dear Miss Gilpin:

Your letter addressed to Mr. Henry R. Luce has been referred to me.

The photographs taken in Yucatan sound very interesting indeed but at present there doesn't seem to be any place for them in FORTUNE. However the Sisal Hemp plantation pictures sound as if they might be more suitable for FORTUNE and if you care to let us see a set of prints, we shall be very glad to consider them.

Mr. Luce is abroad just now but I am referring your inquiry about his acquaintance with your brother to his secretary who will call it to his attention on his return.

Very truly yours,

Eleanor Treacy
