Dear Miss Gilpin:-

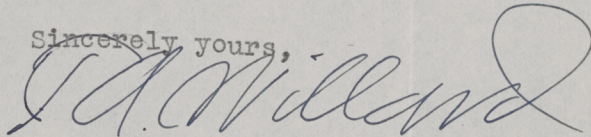

Please furnish me a list of such Photos as you have negatives for from Yucatan, which you are permitted to issue.

I have been asked by the Geographic Society for some good Photos and I am quite sure that yours are good.

I refer to the Photos that you made outside of the Altar of the Mercado, I have no more interest in that as a commercial photographer took it from every angle.

Thanking you in advance for the information I ask for, I am

Sincerely yours,
