

Dear Miss Gilpin -

How did you get through the Customs? I hated to leave you all in such a mad rush, but still we were glad to make the train. We found all the family fine, and very glad (apparently) to see and hear us. We've talked steadily all the week, and haven't run out of news yet.

Happened to see this in the Sunday paper and thought you'd be interested in the pictures of New Orleans

especially as you didn't have a chance to take any yourself.

Hope you had a good trip home. We found Spring in all its warmth awaiting us, though everyone said it had been real cold up to then. My rock garden is a lovely sight, and I've been weeding and digging.

Didn't we have a grand trip in Yucatan? Shall hope to see your pictures sometime but wish you'd send me one you think Barbara would like for her

birthday May 30th. Send along a
bill, and I'll mail you a check. If
you could send it a little early, I'd
like to get it framed before the birthday.

How many pounds did you
lose? I lost six: and only hope it
will be a permanent loss.

Most sincerely yours
Gladys W. Willis
