My dear Laura — I'm so sorry you
don't feel able to keep the Central House —
Tell me just when it is, just what it looks
like, and I'll keep my weather eye peeled
for a purchaser — Is it in fairly good
repair — would you rent it?

I spoke to Frank White again about
the sixty dollars we owe you, and he
said to ask you for an account, so
that he could file it properly, stating
just what it is we owe you for —
I'll send you a check immediately —
As to this summer, I can't yet tell, except
that I know we will want the group
of pictures of the production, just about
the same thing as the other two
portfolios — We are much more clear
this year in our business relations, for
there is no divided authority —
