Dear Sirs:-

Last month I requested a list of prices from you on certain papers. This you sent me which included everything except the one paper that I am going to need at the present time. The Rives Cream Tone. Will you kindly send me the price per 100 sheets broken lots as well. Also will you send me at the same time a sample of this and of the Gifu-Soya B-No. 9 tissue. I wish to use them for books to contain photographs and wish a suitable tissue to bind in which will blend in color and quality.

I will also wish some Roma Cover and Perga Sheepskin but will wait to order the complete lot when I hear from you.

Very truly yours,
