

June 20, 1934.

Dear Mr. Putnam:-

Your letter and the voucher for the 42 prints were awaiting my return from a trip to The Century of Progress to install an exhibit for the Fountain Valley School. In the same mail was a letter from the Los Alamos School near Santa Fe requesting me to come to photograph their commencement. I have only just returned from this expedition so I trust that you will forgive my delay in acknowledging both your letter and the voucher.

I was most interested to know that Doris Ullmann's prints were on exhibition along with mine. We were in the same class at Mr. White's School.

Hoping that I am surely going to be able to come to Washington next winter and that I may see you then, I am

Most sincerely yours,
