Dear Madam,

We have your letter of March 5th, and we are sending to you herewith price details covering the Japanese Vellum, Rives, Gifu and French Binding Vellum. The Pergamus Sheepskin parchment comes in various sizes ranging from 12x16 @ \$20.60 per package of 60 skins up to 22x26 at \$21.30 per package of 60 skins with an additional 10% charge for less than a full package. If some other size is more appropriate for your requirements, let us know and we will quote on the nearest size we have in stock. We enclose a small sample of the Pergamus quality, but are unable to send you a sample of the French Binding Vellum as the expensive nature of this stock prohibits our sampling the skins. Separately we will send you sample book and price list of our Roma papers.

We appreciate your continued interest, and hoping we may be of further service in this connection, we are,

yours very truly,
