Dear Miss Gilpin;

I thought you would be interested to see an engraver's proof of your picture before the book is published. Though no engraving ever does full justice to a photographic print, I think you will agree that the result here is well above average.

Please note the copy that will appear below the picture and let me know if there is any change you want made in it. If I do not hear from you within a few days I will assume that it is in order, but I would appreciate it if you could drop me a line anyway.

With best wishes,

Sincerely,

William M. Strong
