My dear Van:-

I was sorry indeed not to see you again before your return to the East, and especially sorry that we were unable to complete the series of lessons. It seems as though we were just getting started.

I have only just returned from my trip to the Southwest which is why I have sent you the things before this. A package containing the two undeveloped films, also some small films of yours and the large one we made here one day.

I enclose a statement for the lessons we did have and the materials used. I will let you put in the number of mounts as I did not know how many you used.

Be sure to look up the Pictorial Photographers of America, Ira W. Martin President. Also see the U.S. Camera exhibit which opens next week at the Rockefeller Plaza.

Good luck to you. You will work out your technique I am sure, what you need is study and practise in composition. I am sure that you would find the meeting of the P.P.A. very helpful.

Very truly yours,
