Chicago.

Dear Mr. Kreusser:

Two years ago, one of my prints "Sand Dunes" was selected for your collection of photography from the Century of Progress Photographic Exhibition. As I know you are interested in Photography as well as other forms of science, I am wondering if you would be interested in showing the exhibition of prints which I have en route at the present time, specializing in subject matter on the ruins of Chichen^{Itza} and the Indian Life of our Southwest. This exhibition at the present moment is at our Southwest Museum in Los Angeles, and has two or three other engagements ahead. I will be very happy to send it to you if this would be suitable to your Museum, the only cost to you being that of transportation.

Very truly yours,

Lg/H
