Dear Miss Lanorey:-

Your letter came just in the nick of time as I am just off for a trip to the Southwest. With this mailing am sending you the three duplicate prints of the Steps of the Castillo. I have two negatives of this subject, one I call "Steps of the Castillo" and the other "Castillo Steps". I find now that I am not quite sure which is the one you are using in "U.S. Camera". I am sending three copies of the one I believe it is. There is also a copy of the other, and if I have made a mistake, I will send two more of it as soon as I hear from you, but in this event, the one print would do for the opening of the exhibition. I also send several others of the Yucatan series. These have never been submitted to a photographic exhibition, but they have been shown in a one man show. Two other prints are new and these are the first prints and the first time they have left home.

We have a newly organized camera club here in Colorado and we will have facilities in the new Fine Arts Center here when the building is completed. I am wondering if we can have one of the sets of this exhibition as it travels this way? Will you inform me as to dates and cost at your convenience?

I wish I might be in New York in October to see the first showing.

You will find my prints mounted on 15 x 20 mounts as you request. Some of the others I am submitting are on 17x22 which I prefer for 11x14 prints, but should you use any of these it will be a simple matter to cut them down.

Wishing you great success on your undertaking,
I am

Sincerely yours,
