Dear Miss Gilpin:

Your kind letter of December 4th is acknowledged with cordial thanks. I recall very distinctly the copy of your print, "Sand Dunes", which you very kindly donated to the Museum's collection.

With reference to the possibility of showing an exhibition of prints from Chichen Itza, Yucatan, if you will let us know the number of prints which this salon includes and the approximate time during which it will be available, we will try and fit it into the Museum's program. Naturally, we should be delighted to show the prints if it can be arranged.

Sincerely yours,

O. T. Kreusser  
Director
