Dear Miss Gilpin:

Your pictures have been received and as you thought, you sent the right three prints of the "Steps of the Castillo".

Frankly, your pictures are among the most outstanding things we have and we intend to exhibit them all, in various sets. Here in New York we will use the "Steps of the Castillo", the "Sisal Plant, Yucatan", and "Rain Drops on Lupin Leaves. The others will be divided up in the other sets. They are, as I say, beauties.

Regarding showing the salon in Colorado, we would more than like to do so since we have had such fine cooperation from the mid-west and the west-coast crowd. Tentative costs for the show are \$100.00 plus shipping charges, which will be nominal due to the fact that all pictures can be packed in one standardized crate.

If you people are interested in the showings let me know and we will arrange about dates and so on.

Again thank you.

Sincerely,

Evelyn F. Lamorey
