My dear Miss Gilpin:

Now that the usual rush is over I am doing a lot of things I should have done long ago. Now still longer ago that that I saw your exhibition over at the Museum of Natural History and I had our Individual Travel Collections in mind at that time so I made a list of prints in that show I was going to ask you to send me as one of the Travel Collections. Here is a list of eight and I would like six at least, if you can spare them. They are going to do a lot of traveling but we are having fiber cases made for them to travel in and I believe our members will take good care of them. Here they are:

Navajo Woman

" by Firelight

Medicine Man

Ranchos de Taos Missio

Watch Tower of the Ancients, Mesa Verda Nat. Pk.

Navajo Woman and Lamb

Castillo from the Warriors

Tueblo Bonito - Chaco Canyon

I thought the whole show was splendid but to choose six or eight I felt these were best adapted for this travel collection.

Well we have lost three of our best members, Mrs. Kasiber, Mrs. Ulman and Mr. Geisler whom you may not know. He was a grand old man who did splendid work and had the courage to open up a new, and second place in Palm Beach last season. I guess Stieglitz will be the next of that old crowd. He is getting really old and is at present holding what may be his last one-man show.

How are things going with you? All for the best I hope. Best wishes,

Don Martin
