

July 11, 1936.

Miss Anne Evans,
Central City, Colo.

My dear Anne:-

Miss Ellis has brought me the message that you want me to come up on Wednesday the 18th. I shall have to bother you with an answer as I must know whether I am to work on Wednesday or on Thursday. It is necessary for me to see the performance before I work with it, and if plans are to work on Wednesday I had best come for Tuesday night.

I do not know what all you will be wanting, but I will come as usual prepared for anything. Would you check on the enclosed card the day and time you want me to work and drop it in the mail?

It is grand that any photography is being thought of before the next to the performance this year, and I hope that I can do something better than previous years.

Our theatre plans here are coming finely and it is all very exciting.

So glad that you are doing a Gilbert & Sullivan and I am most anxious to see it.

The best of wishes,

Affectionately
