

Feb. 6, 1936.

Mr. O.T. Kreusser,  
Museum of Science & Industry,  
Jackson Park, Chicago.

Dear Mr. Kreusser,

Thank you very much for your letter of January 24th. My photographs will be forwarded to you, to reach you April first and I am pleased that you will want them for two months. They have just returned from the Southwest Museum where they have been shown since Nov. 1st. They will come to you from Mr. Oscar Jacobsen, Director Art Department of the University of Oklahoma.

I enclose a list of the prints, and I believe that the titles are self explanatory. The Yucatan series was made in 1932. The Southwest group cover a period of ten years.

If there is any other information you may wish I will send it gladly.

I am expecting to go east for a brief trip in a week or two and will come home via Chicago about the middle of March. If my plans materialize, I will surely pay your Museum a visit and I hope that I may find you there at that time.

Sincerely yours,
